

2019 Newsletter from Scotsman Point Staff

Welcome to our inaugural digital combined newsletter and brochure.....*our eNewsletter!*

As always, "Hello" to all our friends and "Thank you" for making 2018 an exceptional year.

Here we are at the end of the season and looking back it's hard to recall everything that happened this year. A few of our highlights... we started the season, the first weekend in May with a large wedding, where the bride flew in on a float plane, and basically finished the season with another wedding on Thanksgiving weekend. In between we hosted another two large weddings, several group events, and in late September, together with our friends at Muskies Canada, had the honour of hosting a Wounded Warriors Canada weekend. Veterans and their guests enjoyed a weekend of fishing, activities, lots of great food and comradery. It was truly a very special weekend.

We held our usual Fun Fishing Derbies plus a bonus Last Cast Derby in October and in July hosted a large bass tournament. Jim Saric and his Muskie Hunter TV show crew were here in August to film an upcoming episode which will air in the new year. We think all will agree 2018 was a good year for fishing on our tri-lakes.

Of course, we will all remember how hot the summer months were and how good it felt to be on and in the water. A perfect summer to be away from the city for a week or two, even for a few days, and to enjoy just being around the lake. Swimming, fishing, boating, skiing and tubing and just plain relaxing during the day and enjoying a balmy summer evening around the campfire. We have already booked the same great weather for 2019!

The daily activities were as popular as ever. Mitchell kept the kids busy with pancakes, water balloon fights, crafts, build-a boat competition, fun games, movies under the stars, watermelon eating contest, hot dogs around the campfire not to forget the water skiing and tubing. Go to www.scotsmanpoint.com to check out our summer activities plan for next year. We are introducing SPR Kidz Club in 2019!! Watch the web site for details coming soon. It looks exciting.

It is our goal to make your Scotsman Point Resort experience truly enjoyable. In 2019 the twice weekly Yoga on the Dock and Coffee 'n Cruise mornings, plus of course the Sunset Cruise that was a big hit will all be offered and the sightseeing float plane rides that we introduced last year will again be on the schedule.

In 2018 we launched our Scotsman Pointz Club and all of our regular guests benefited from it. Several of you enjoyed the additional Referral Pointz savings on your reservation and would urge all guests to take advantage of this opportunity. As promised, this is an evolving program and we have added some additional "perks" for 2019. Check it out on our website. Also coming soon on our website is a new video which we commissioned. When released please take a look at it and give us your feedback.

Digital cameras/cell phones are certainly a boon when on vacation and we received some great entries for our 2018 Photo Contest and this is the winner is Nicole Stewart. Congratulations and you can view her awesome pic on our website.

Thank you to all who have already secured your spot with us for summer 2019! We look forward to seeing you. If you have not yet booked your stay with us please call us soon 1-800-267-1310 ... weeks are filling up fast!

Have a safe winter and spring ... it won't be long till you are here at Scotsman Point where it's always a great day!
